- In the Employee Attendance page, I am unable to scroll, preventing access to the full content. This issue should be fixed to allow proper navigation.
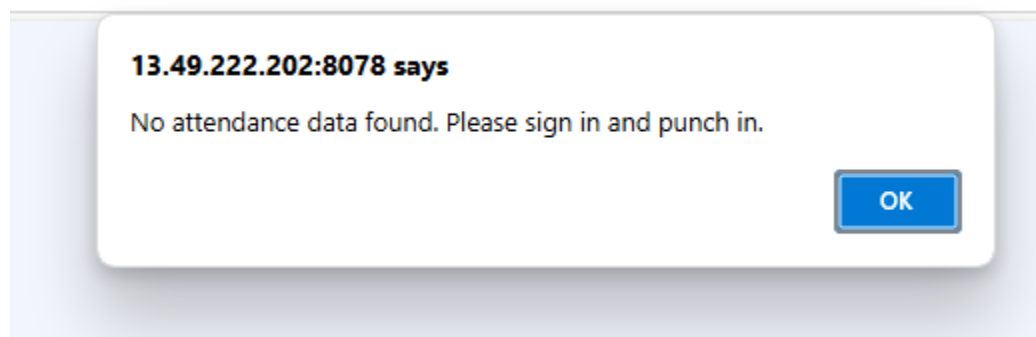

- Upon opening the Employee Attendance page, a pop-up appears stating 'No attendance data found. Please sign in and punch in.' The page does not display unless the pop-up is closed, preventing access to other content.

- In the Employee Attendance page, users cannot access the Punch In and Punch Out section, preventing them from recording their attendance.
